## END CONFLICT

No matter how difficult your situation may be, you have the ability to turn it around. You can end the conflict, stop the arguing, and restore cooperation. You can heal your relationship, one human being to another.

The key to healing your relationship is you.

Once you discover the nature of love and conflict, you can change how you relate to the other person. This changes how the other person responds to you.

It takes two people to create and maintain a cycle of conflict. It only takes one person to end it.

As you end the conflict, cooperation returns. You become more effective and life becomes more enjoyable.

## UNDERLYING CONDITIONS

If you have a relationship or any area of life that isn't working, there will always be an underlying condition of resisting or hanging on that is creating the problem. This condition destroys your ability to see clearly. It keeps you from finding solutions and it magnifies the problem.

The moment this underlying condition is found and removed, you restore your ability to see clearly. Solutions appear and this area of life starts clearing up.

## RESULTS YOU CAN EXPECT

This 4-hour workshop is about ending conflict and restoring your effectiveness. You will learn how to:

- End the cycle of conflict
